Wind Storm Insurance Manager Leahy Has Arranged a Very Satisfactory One-Fort H. G. Wright Coming Here May 30-No Bulkeley Games This Year-Champion Team This Season-Captain Stanley Has Recruits Out.

Norwich Free Academy Baseball team has practically finished his schedule for the coming season. He has ar ranged for about twenty games in all and has not heard anything definite from several other teams yet. There is great disappointment in the fact that the Academy's blood-rival, Bulkeley will not have a team this year. The usual games played with Windham High will have to be omitted this year owing to the fact that they are not going to have a team this year.

One or two new teams have been added to the list, teams that have never appeared on the Academy cam-pus, Hartford and Fort H. G. Wright. The latter will play here on Decoration day and usually they have a team that can clean up anything in this district. The season starts with a local team on April 11, that is the pick of the city and will give the school boys a good go. There will be between twelve and JOHN A. MORAN

John McGraw announced that walvers had been obtained on Eddie Harrison, the likely outfielder who played with the regulars. McGraw asserted that he had given permission to Own-er Gardner of the Dallas team to open negotiations with Harrison. However, Harrison says that he will under no circumstances consent play in the south, and especially in Texas. Should be persist in his stand McGraw will probably place him with Joe Kelly's team in Toronto. He is Kelly, who is in Dallas, will no doubt receive him with open arms. The New York club owes the Dallas team a player in return for courtesies, and somebody else will get the assignment. The fact that Harrison was among the first to feel the slash of the axe furnishes a striking commentary on spring training performances. He has been killing the ball in all the games. Harrison was bought from the New-burg club of the New York and New Jersey league last season, and was sec ond in the league batting standing.

Manager Eugene McCann of the Nev London baseball team has returned from his southern scouting trip and was fairly successful in acquiring additional talent for the team this sea-son. Mr. McCann secured a twirler named Ashley from the St. Louis Americans, which team is training in Florida. McCann also will be for-warded either Quinn or Williams, the recruits now sparring for the position of first baseman by the New York Americans. Both Quinn and Williams are good men and when Chance decides which of the pair he will keep the other will be chased to New London and given a try at the initial station.

Baltic Manager Replies. To the Sporting Editor: In regards o Managtr Caron's statement in Friday's Bulletin about another series I wish to impress upon Manager Caron's memory that we have played his team in a series twice and on both occa-sions he has squealed to play the de-ciding game. He also made a statement in the dressing room that he was through with Baltic after we had trimmed his team. Then he goes to work and picks a team and plays un-der the assumed name of Baltic. He also made statements that he won the toss of the coin and the game was to be played in Taftville. In this statement both Sullivan, Love and Donnelly wish to let the public know that this was nothing but a scheme for his team to make money. That goes of show how much sporting blood he has got and it shows very little for a man who is supposed to be a clean sport to try to fleece the sports out of their money. J. J. BROWN.
